

# PRODUCT INFORMATION SHEET

## SCHAUMREINIGER

### Features

alkaline | colorless | low odor | gentle to materials | residue-free | deeply effective | universally applicable | water-based

### Field of application

#### **Vehicles**

Cockpit and seats | Stainless steel, e.g. tailpipes of exhaust systems | Vehicle interiors and engine compartments | Rims | (windshield) windows

#### **House + Garden**

Grease traps | Grilles, fireplaces and ovens of all kinds | Cooktops (Ceran and induction) | Surfaces made of plastic, glass, stainless steel and aluminum | Upholstery and textiles

#### **Hobby**

Bicycles, toys and sports equipment | Parasols and sails

### Application

Shake can upside down before use. Cover the surface completely with the foam cleaner at a distance of 20 - 30 cm and allow to let absorb for at least 5 minutes. Then clean the surface thoroughly with a damp sponge or microfiber cloth, applying a little pressure to loosen even stubborn dirt. Remove all foam residues and wipe the cleaned surface with a dry cloth if necessary.
